

LOGO DESIGNS

THE TENDYR BROTHYRS

The Tendyr Brothyr are a Jacksonville based band/performance art/comedy brotherly duo who host and run a popular open mic weekly event.

For their branding and logo it felt right to go with something fun and a bit whimsical.

ERASER RECORDS

A Jacksonville based record store wanted a bold logo to set off their branding on a strong note. With less strict guides on layout and color I created a set of assets for them to use fluidly amongst their signage, products, packaging and whatever else they could think of!

COOPS WOOD WORKS

Mathieu Cooper is a Jacksonville based woodworker who creates beautiful custom furniture. He wanted a logo that was clean and contemporary but felt somewhat rustic at the same time.

Here I included the chosen logo, (top) as well as the options that almost made the cut. It was a hard choice and I was personally happy with all three options.

BOOKS MOTIVATE

A small non-profit based in Frederick, MD that works to help children in impoverished areas graduate grade school with special programs, after school workshops and school supply donation.

For this cause I wanted to create something bright and appealing to children while also looking reputable as a non-profit.

The top is the chosen logo, I have again chosen to show the “runners up” as it was a close call and I was happy with these designs as well.
